Application for Construction Personnel Hoist Installation Permit

Instructions

To prevent processing delays submit a completed application at least 60 days before the planned installation. Include a check or money order payable to the Iowa Division of Labor for the amount calculated below. Also include 3 copies of the construction personnel hoist design and engineering documents.

Fees

Base fee: The base fee for a construction personnel hoist (CPH) is \$500.00. *Jump Inspection Fee:* You must submit with this application a \$150.00 inspection fee for each time you plan to jump (or increase) the number of floors served.

Inspections

A CPH must be inspected prior to first use, at least once each quarter, and prior to the first use after additional floors are added. The Division of Labor must be notified at least 7 days before a planned jump inspection.

_____ #of Jumps X \$150.00 = \$ _____ + \$500.00 = \$ _____ **Total Amount Due**
