

Petition for Waiver or Variance from a Rule of the Elevator Safety Board

Notice: The Board does not have the authority to waive a statutory requirement. A waiver suspends the requirements of a rule for the specific circumstances of an identified person. A waiver may not apply to unknown persons. If you seek blanket authorization for equipment to be installed in Iowa, please file a petition for rulemaking instead of this form.

The board cannot grant a variance from an accessibility requirement. Accessibility requirements for elevators are enforced by the Department of Public Safety and local jurisdictions. For more information, call 515-725-6154 or visit <http://www.dps.state.ia.us/fm/building/index.shtml>.

You may wish to consult an attorney before completing this document. For more information, please read the elevator board's rules on waivers and variances at 875 Iowa Administrative Code Chapter 66.

In order to ensure consideration by the board please complete this entire form. Any supporting documents should accompany this form. This form must be signed and dated.
